RE: BLANKET PARENT PERMISSION FORM FOR FIELD TRIP

Dear Parents/Guardians:

Your son/daughter is eligible to participate in school-sponsored field trips during the school year, requiring transportation to locations away from the school campuses. These activities will take place under the guidance and supervision of employees from Trinity Catholic School.

In an attempt to free the teachers from having to send out a permission form for each trip that they will take, we have designed a blanket field trip form. This will also help you, because you will only have to sign once. The forms will be kept on file for this school term.

By signing this form you are granting us permission to take your child on any field trip requested by his/her teacher this school year. However, when such a trip is planned, you will receive in advance, all the necessary information concerning the trip from the teacher.

If you would like for your child to participate in these events, please sign and return the statement of consent and release of liability by the due date.

Thank you very much for your attention and cooperation in this matter.

Sincerely,

Rosemary Pierre
Principal
