

Louisiana Library Connection

<http://lalibcon.state.lib.la.us/>

The Louisiana Library Connection Databases are a collection of **online subscription databases** that provide the widest range of educational and research materials for all academic levels. The databases include many prestigious journals for the research professional.

The databases are available for remote use, and the user can login in from anywhere. These databases are provided **free of charge to all library users in the state of Louisiana**. All that is required for access is a **current public or state library card**. All information is collected and maintained by respected companies. This service is funded by the Institute of Museum and Library Service, state and local funding.
